(Imagine - Young, Modern Meatloaf, Slightly musical theatre vibes.)

Synopsis - In the arms of a woman who crowns him king of her world, he discovers what it truly means to be adored. Like shelter in the storm, her love becomes his peace.

Feel: Driving, heavy, and anthemic.

D Minor is already a relatively friendly key on the piano (it only has one flat: Bb). However, to give you options, here is the original progression, followed by a transposition into Em (E Minor) if you want to give it a slightly brighter, sharper rock edge.

Original Key

(D Minor)

Intro / Verses (The Groove): Dm – Bb – F – C

Pre-Chorus (The Riser): Gm – Am – Bb – C

Chorus & Outro (The Anthem): F – C – Dm – Bb

Transposed Key

(E Minor)

Intro / Verses: Em – C – G – D

Pre-Chorus: Am – Bm – C – D

Chorus & Outro: G – D – Em – C

KING ON FIRE - 2026 - DEMO LYRICS

[Verse 1]

I wore my doubts like steel
Till you touched my hand
Now every wound feels healed
Now I understand
Your name hits like a crown
On a burned-out heart
You turn my whole world round
And tear my fear apart

[Pre-Chorus]

From low to higher ground
I feel it climbing
One breath, one thunder sound
My blood keeps timing
Closer, closer now
The ceiling starts to shake
I know what love can make
I know what love can make

[Chorus]

I feel like a king
When you're in my arms
I feel like a king
Under your sweet storm
Take my heart, take my vow
Hear the whole room sing
I feel like a king
I feel like a king (king)

[Post-Chorus]

Oh-oh, oh-oh
You made me gold
Oh-oh, oh-oh
You made me bold

[Verse 2]

Your laugh in the morning air
Hits like a sunrise blade
I kiss the salt in your hair
And my old ghosts fade
No velvet throne could hold
What you give to me
You make the broken whole
You make me finally see

[Pre-Chorus]

From low to higher ground
I feel it climbing
One breath, one thunder sound
My blood keeps timing
Closer, closer now
The ceiling starts to shake
I know what love can make
I know what love can make

[Chorus]

I feel like a king
When you're in my arms
I feel like a king
Under your sweet storm
Take my heart, take my vow
Hear the whole room sing
I feel like a king
I feel like a king (king)

[Bridge]

Then everything went still
Just one heartbeat
You held me through the
chill
And made me complete
No blade of doubt remains
No shadow on my skin
I rise through all the pain
And let the light rush in

[Final Chorus]

I feel like a king
When you're in my arms
I feel like a king
Under your sweet storm
Take my heart, take my
vow
Hear the whole room sing
I feel like a king
I feel like a king (king)

I feel like a king
Take the night, take the ring
I feel like a king
And the whole world sings
(king)
