

VELVET CROWN - 2026 - INFORMATION

INFORMATION - Velvet Crown - Written By Dave Hunter and The ECHO Collective,

Performance - Female Vocalist
(Imagine - Leann Rimes - *Can't Fight The Moonlight*)

Synopsis - In the arms of a man who crowns her the center of his world, she knows what it truly means to be cherished. Every glance, every touch, every quiet act makes her feel like the rarest treasure. Her worries softly settle into place, no longer raging but gently held - safe, warm, unshaken. Like shelter in the storm, his love becomes her peace.
She is his Queen.

Original Key: C# Minor / E Major

Feel: Intimate, dramatic, and soaring.

Because C# Minor can be a bit tricky on the piano with all its sharps, here is the original progression, followed by a transposed version in Am (A Minor), which uses all the white keys and is much easier to play or program.

Original Key.

(C# Minor)

Intro / Verses: C#m – B – A – B

Pre-Chorus: F#m – G#m – A – B

Chorus & Bridge (The Build): E – B – C#m – A

Transposed Key.

(A Minor – Easier to Play)

Intro / Verses: Am – G – F – G

Pre-Chorus: Dm – Em – F – G

Chorus & Bridge: C – G – Am – F

VELVET CROWN - 2026 - DEMO LYRICS

[Intro]

When you hold my hand
The room falls away

[Verse 1]

You walk in calm
Like you own the sky
Two words from you
And the whole world slides

[Verse 2]

You pull out my chair
Like it matters that way
And I swear, baby
My bad days fade

[Pre-Chorus]

Tell me again
I'm the one you choose
One look from you
And I lose the blues

[Chorus]

You make me feel like a queen
Like a queen, like a queen
You make me feel like a queen
And everything disappears

[Verse 3]

Gold on my wrist
Not the kind you can buy
It's the way you see me
When I catch your eye

[Pre-Chorus]

Tell me again
I'm the one you keep
One touch from you
And the hurt goes deep

[Chorus]

You make me feel like a queen
Like a queen, like a queen
You make me feel like a queen
And everything disappears

[Bridge]

When the world gets loud
You are my peace
When you call my name
I come to believe

[Chorus]

You make me feel like a queen
Like a queen, like a queen
You make me feel like a queen
And everything disappears

[Chorus]

You make me feel like a queen
Like a queen, like a queen
You make me feel like a queen
And everything disappears

[Outro]

Everything disappears
When you treat me like a queen
